

Kamokita School Festival Report

English Club

11 June, 2016

We offered English tea and sold post cards as a part of the English club. We were able to make a nice place like a café. The tea that we offered was bought in England when we studied there and the cake was from Tom Milk Farm. The post cards' picture were

taken by us in both London and Coventry. Many people came to our café and bought cards!! So, we were very happy. We also were able to give international support to Palestine by selling lovely bags and olive soaps.
